MESSAGE

“Let us give the people quality public service which they truly deserve.”

The drafting of this Citizens’ Charter of the Municipality of Naguilian makes more tangible the desire of its officials and employees to continuously enhance the kind of service that it provides to its constituents.

Even prior to the enhancement of Republic Act 9485, otherwise known as the Anti-Red Tape Act of 2008, this local government unit (LGU) has constantly adhered to its policy of providing prompt, courteous and accurate service to all Naguilianons. This Citizens’ Charter, however, formally outlines the various frontline services that the LGU offers, the process that each follows the duration of each step in the process and the person/s responsible for the same. The principle of transparency is further emphasized with the inclusion of the required fees in the billboards which are made visible to the public.

This guidebook evokes in every staff of the LGU the responsibility to act on requests with utmost promptness, courtesy and accuracy as well as the accountability for his every action. This is also in consonance with our battle cry “TATTAN NAGUILIAN”, which means that in Naguilian we do not procrastinate.

It is hoped that every Naguilianon shall make optimum use of the Citizens Charter so that access to government service would be easier and the commitment of the LGU officials and employees to adhere to its provisions shall be put to fruition and in the end, Naguilian will continue to be an exemplar of excellent public service so that once again every Naguilianons shall say “I AM PROUD NAGUILIANON.”

OFFICE OF THE VICE-MAYOR

MESSAGE

The officials and employees of the Municipality Government of Naguilian, La Union dedicate this Citizens' Charter to our beloved constituents as a manifestation of our sincerity in providing a service standard that is guided by the principles of quality, equality, transparency in delivery, predictability, proper redress for grievances, value for money and mutual accountability.

May this transparency, accountability and performance management tool serve the purpose for which it is crafted because you deserve the best and we are committed to fulfill our pledge contained therein.

Together we seek the divine intervention of our God that He shall hold us steadfast in our resolve to march forward for a better Naguilian through a better public service with this charter as our guide.

REYNALDO J. FLORES (sgd.)

Collection of Real Property Taxes

Real property tax is a kind of tax levied by the local government on properties and should be paid by property owners. Properties that are taxable include land, building, improvements on the land and/or the building, and machinery.

The real property tax rates in the Philippines are discussed in Section 233 of the Local Government Code of 1991. Apart from the basic real property tax, local governments also charge additional tax for the Special Education Fund. An additional 1% is levied on the assessed value of the real property, and proceeds of which go to the budget of local schools.
